COMPANY SUMMARY

Athabasca Minerals Inc. is a Canadian mineral exploration and management company with operations near Fort McMurray, Alberta and its head office in Edmonton, Alberta. The Company's focus is to explore, develop and manage mineral resources that exist in north-eastern Alberta.

The Company currently operates the Susan Lake Aggregate Operation, the largest open pit gravel pit in Canada, and holds Alberta Metallic and Industrial Mineral Permits for potential industrial minerals in the northern Alberta region. Potential resources on these lands include a wide variety of industrial raw materials such as sand, gravel, silica sand, salt, and limestone.
